I gave myself a lot of time to cool off before writing this review, because man, can I get angry of this book when I finished reading it? I did not expect "Annie Dillard Hefts to Keltly" of this book, but one would think that a book that alleges focusing on the great desert of transforming power, at least would give a little time or effort, you know, desert. Instead, I have "Gee, my feet hurts." The great American PCT memory is still written. I like a good redemption story. The big climax of the book involves covering a peach in a grauzal grove, and everything is very beautiful and a deer enters the clearing, and realizes that (see spoiler) [is totally well being whoever is. Without any knowledge of how to survive in the desert. The life of Cheryl Strayed, so far, has an unusual amount of sadness or tragedy or inspiring moments, the kind of things that make a good reading of memories. She keep reading for more ... well. Okay, that's a little more interesting, but unfortunately, the total impact of these transcendental options is lost in an unlocked forest of vague, transpacible prose and a confusing chronology, which makes it difficult to give a damn. Now, in spite of the asphyxia Maria Summingly of the author's self-exploitation, it could forgive at its total tone when walking on the PCT without being prepared if you really learned something about what a bad idea is to wander in the desert is not prepared . She impressed me especially with her's ability to share her strangers from her about killing her mother, who were raw and real and moving and disturbing. ... more, but I suppose, hey, the free peanuts and a movie of Adam Sandler, so ... If you are getting the print of the review that this memory fails mainly because it is simply diverted, it does not become in very .. oy oy .jAdanaC a ocix@AM edsed ejaiv oioprp im odnaenap yotse ay .atcerroc aedi al odneibcer s'Atse .ejanosreP .oneuB .deyarts ed esnedimudatse adiv acipAt al a odazrof lanoicome kcabhsalf orto arap emraraperp aAbed euq epus .oveun ed liarT eHT ed ralbah a 'Azeppme omoc onorp nat .euq Asa se otnaT .arutircse asomreh anu rop asoc reiuqlauc ©AranodreP .azelarutan al a narculovni euq sanecse ne odot erbos .anap etnematelpmoc 'Ayac asorp al ed otser IE .recerfo euq ohcum eniht on orbil etse .oirartnoc ol eD .sotneimicetnoaca sose ed saicneucenoc sal o anAoreh noc n'Aicatnemirepxe us o oiomirtam us ed n'Aiccurtsed al o erdam us noc adiv us ed scabhsalf rop sadipmurretni noereuf orednes le ne noereiruco AS etnemlaer euq orbil led setrap saL.sorbil ed serodarpmoc sol sodot a reerc ozih es omoc .TCP GNIFFE EHT GNIKIH ed airomem anu euq oidem reiuqlauc rop sodalucitrased eippih sejaiv ed airomem anu s'Am otse ed odneicah .satsinoisruce on senoicaus ed n'Atnom nu ne satsinoisruce on sanosrep ed n'Atnom nu noc 'Animret alle .otnat ol rop .abazetsob y abazetsob y abazetsob »A.©Aroll y ©Aroll y ©Aroll »A©Animax y ©Animax »A©Asomaseb y somaseb son-A omoc selat zidnerpa ed sojabart a errucer odunem a deyarts n'Aicca al ed n'Aicpircsed al a otnauc ne y .satroc sesart ed odallir s'Am ©Anclit le ne natracsed es orednes ed sallim y selim .oiribircse ed dadimutrop al agnet zev lat zedipuse al eart' anAoreh rimusoc a 'Azemtoc ogeul .ossollivaram etnemlaer erbom nu noc oiomirtam us 'Aetobas y soslupmi sus ed lortnoc le odot 'Aidrep .rolod us ed odaltuser omoc 'azelarutan al ribircsed arap oreP.Á adlapse us a ravell adoup euq ol noc riviverbos y otrseised le aicah ranimac adiced euq areiuqlauc arap laicnese etnematosha orbil nu .koobdnah ssapmoc dna paM etelpmoc eHT :dmuF gniyatS jridaZ-Aa obed .everb yum y) laicnese orbil le reel a everta es areiugis IN .roep enop es oreP .redaer O .ohcum Aer eM .setnanicsaf sejanosrep y arutircse aneub naAnet euq sorbil 'Aigile dadilaer ne odnauc .onajel odasap nu ne .opmeit ohcum ecah le ne 1©Á ed anig;Ap anu osulnici reel ed 'Adivlo es orep .orbil le rarpmoc ne 'Atselom es .ho .orednes le ohcum 'Airocer on dadilaer ne From Minnesota or where to south of California, although it brought it aboard the avion with the intention of educating before starting its blessed hippie walk. And he really wanted to love him! I am backpacker, and I often have fantasies edit 4.4.2014: I changed this two stars to one, because I realized that about two years since I read this book and I still get furious and trembling just thinking about How much I stowed. All the people who knew some Totally Grumpy Old Camp Hosts and a couple of creepy hunters (who still wanted to have sex with her) could not stop telling him how incredible and wonderful he was to walk alone by the PCT. Once she really gets the height of the walk (under the weight of a weight package of her body, for the love of God) the book becomes Mary Sue Goes on a Nature Walk.All - Yes, literally all Except the gay guy and a couple of women want to have sex with her. But she did not. Yes, more about that later.) One of them really seduces her with the erotic power of her Wilco's t-shirt. Ugh The most wide scene of the actual action that I can remember is where she falls asleep next to a muddy labyrinth and wakes up with the feeling of frogs by jumping all over her body. (Not only, however, this book stinks on wheels. It's not that she really knew how to use an ice ax anyway.) His intention was to do only the californa stretch, not the whole path, although he extended the trip. Through Oregon after he found out that the path was impassable (another thing he should have proven before starting to walk). She so she drove through more than 400 miles from her «shelter», and she left the trail for several reasons at several points to hitchhike in the place of her. What a great disappointment. I am euphoric that she maybe she still has the opportunity to achieve what this book does not Let's say it's my Ladyby Kate Pembroke The opposites are drawn into this irresistible romance of Regency, Regency. An adequate gentleman who lives through Ton's rules and a lady who lives to break them, try to resist them, perfect for the Netflix Bridgerton series fanatics. Strayed's relentless helicity actually becomes such a frequent theme that he began to laugh aloud every time he described another man who expressed him in his warm hiker. My favorite book of all time is Lolita, and I can forgive the existence of a fictitious character as Humbert Humbert because, damn it, you have lolita? She did not! If he did, those passages were lost in the edition, or they were never written at all. But the only message that she clearly wants you to remove it from the story of her supposedly inspiring a full personal transformation on the PCT is that the author is preternaturally sexy, and practically nothing with a penis can resist it. (She got rid of her ice ax after crossing a small snow field, discovering that she would not need him again, you know, where the elevation rose. Most of them hit him and ask dinner Am and the drinks (wait ..dinner and drinks on the trail of Pacifico Crest? Not particularly different from the experiences of many people I've ever met, then, the bonus star deduced. That bonus star is for the first couple of Chapters, which in fact throw a person in, and when they share an impressive opening in the author. She started well north of the Mexican border and had to take a greyhound around the majority of the upper siers, because It was SOCKED in that year and was not prepared for snow hiking, since she was for most of the other contingencies. And what a scam, since readers are buying this book hoping to read about the experience of walking the PCT I laughed. Don't worry; Those people she knew aRebed aARebed oY .odatcefa etnemalucitrap eul jireliopS rallucOf "ecuder" es ollabac lej jireliopS reV(om'Ac adreucer AugA w anecse al s'AmreA .senozar sarto rop n'Aicaroda us ne gnikkert ed setsop sus raprep I've been warned by the fact that this book was chosen, but wanted so much, so bad to read a well-written memoir about backpacker enchantment, about the way the struggle and loneliness and the rawness of nature pull the packer into another realm of existence, where life is trAgil and valuable, where the sky and the earth and the lane of the road in sA live, and by turns the cradle and hold the hiker and try to reject it. That's just silly.) Who knows, I'm sad that I'm not here anymore, that I don't get to read it. At the low point of her downward spiral, she hears about the PCT and simply decides to raise it, which is not surprising, I suppose, since she has proudly established that she suffers from a total lack of impulse control (a condition) she never seems to try to correct throughout the course of the book). So it does, all unprepared, 3 spilling into the desert, as it is part of the course, apparently. Everyone said things to reinforce their belief that she was a "damn 3 queen." "Hoora! The world is your oyster, because that's all the world is. A How 3 did you meet so many people walking along one of the continent's least trampled paths? She's as irresistible, all furry and smelly as a sasquatch and limping from miles' meters away from carrying half her body weight. EDITIA N 4/4/2014: I changed this from two stars to one, because I realized that it's been about two years since I read this book and I still get angry and shaky at how much I stunk. "What?" I guess it's useful enough for a general memoir of an American woman who has a unique American experience of 3 and confusion and who comes to accept her past. past.
