The magic of the Great Libraries lived in her very bones. Help Center A New York Times bestseller!“A bewitching gem...I absolutely loved every moment of this story.” —Stephanie Garber, #1 New York Times bestselling author of the Caraval series“If you loved the Hogwarts Library...you'll be right at home at Summershall.” —Katherine Arden, New York Times bestselling author of The Bear and the NightingaleFrom the New York Times bestselling author of An Enchantment of Ravens comes an “enthralling adventure” (Kirkus Reviews, starred review) about an apprentice at a magical library who must battle a powerful sorcerer to save her kingdom.All sorcerers are evil. That you are a part of something, part of its world, not just skating around the edges, too tied up in yourself to join in...and then it ends and the illusion winks out, like a snuffed flame, and you're left marooned, adrift, your head chilled in its absence.The real world takes a seat at the back, and Rogerson's imaginary one hol ǃ find other reviews on my blog ǃ Perhaps the cruellest and kindest thing a good book does is make you believe you live inside it for the space of a few hundred pages. Tightly paced, hugely atmospheric, with a touch of wry humor, this book had me from its Gothic beginning right to the perfect end.” —Katherine Arden, author of The Bear and the Nightingale““Like the grimoires that fill its pages, Sorcery of Thorns lives, breathes, and beckons you closer with each enchanting word. On that end, Sorcery of Thorns delivers. That her suspicions are so easily allayed first strained credulity, and I was often frustrated with how readily she settled into the words people dripped like sweet poison in her ear. Elisabeth will protect the libraries like a mother wolf looking out for her cub, and she will not count the cost.Although the supporting cast of characters is not granted a vivacity as stark as Elisabeth's, together they made a whole like the heart of a flame. Not to mention: seductive toward men and women alike and blessed with a set of social graces that makes him look suave. Elisabeth has known that as long as she has known anything. Visit her at MargaretRogerson.com. For these were not ordinary books the libraries kept. She has a bachelor's degree in cultural anthropology from Miami University. I absolutely loved every moment of this story.”- “Stephanie Garber, #1 New York Times bestselling author of the Caraval series.”“If you loved the Hogwarts Library, or the Great Library of the Clayr, you'll be right at home at Summershall. But there was an edge to her, a keenness of anger and determination, and it soon strikes to life like flint. The grimoires called to her like signal beacons burning on a vast black sky and she flung herself into the air, fearless and unflinching. The author spins her tale with directness and wit; I enjoyed her storytelling, as one might enjoy music freely played, and was left clutching at each page as it slipped between my fingers.As familiar as the novel's template is, Rogerson's success lies in the way she infuses exhilarating new life into it through tenderly compelling characters, luxurious writing and an exquisitely wrought premise. And that made the world no less worth fighting for, because wherever there was darkness, there was also so much light. Nathaniel Thorn is rich, handsome, and beset by a tragic past. She takes the monster outright, vicious and victorious, with the strength of the Director's sword, but before she could even begin to comprehend the magnitude of what had happened, Elisabeth is branded a murderer and a traitor, at only a word and a whim from the library's new Director, and the charge of her punishment is given to the Magisterium.When the Great libraries start falling under attack, dread sluices through Elisabeth and a surety rises in her, lodging in her throat: someone is gathering arms against the Great libraries, colluding in treacheries, and, growing resigned to anyone believing her account, Elisabeth's darkest self rises to the challenge: the heft of protecting the libraries would suit no one's strength but hers—she who is “a true child of the library”. But when secrets start melting into the dark, and all the doors slam shut in Elisabeth's face, she seeks the help of Nathaniel Thorn, a sorcerer whose family is dogged with rumors of necromancy, and together they are soon yanked into the machinations of blood, greed and power. Wisdom, given voice. They sang when starlight streamed through the library's windows. If provoked, they transform into grotesque monsters of ink and leather.Then an act of sabotage releases the library's most dangerous grimoire, and Elisabeth is implicated in the crime. You can see a list of supported browsers in our Help Center. Her apprenticeship as a warden was a sapling graft that barely had time to take when one night, Elisabeth wakes up to find the library's Director slain and a Malefic free to loosen its wrath on her city. All sorcerers are evil. The heir apparent to Diana Wynne Jones, no one can match her dark whimsy or joyous magic. They were a part of her, and she a part of them. They felt pain and suffered heartbreak. Sorcery of Thorns is a bewitching gem, full of slow burning romance, loyal friendships, and extraordinary world building. Silas is Nathania's silver-haired servant whose face was always a blank for just about any emotion one might care to project and who was a mystery, the safe Elisabeth (and the reader) could never crack, and I wanted to know if his icy exterior masks an even icier interior, or if it were a veneer for what was, at bottom, a warm and kind-hearted nature.If there's a failing in Sorcery of Thorns, it's that the ending is rushed in the novel's last few chapters, and although a little light coruscating at the end of the tunnel is always a welcome respite, the conclusion felt a little too easy, too attainable, which knocked down some of my satisfaction. Book Synopsis A New York Times bestseller! ‘A bewitching gem...I absolutely loved every moment of this story.’ –Stephanie Garber, #1 New York Times bestselling author of the Caraval series ‘If you loved the Hogwarts Library...you'll be right at home at Summershall.’ –Katherine Arden, New York Times bestselling author of The Bear and the Nightingale From the New York Times bestselling author of An Enchantment of Ravens comes an “enthralling adventure” (Kirkus Reviews, starred review) about an apprentice at a magical library who must battle a powerful sorcerer to save her kingdom. Here where books are a soft warding from the beings that stalk the night and trapdoors to something beautiful and wicked that trickles beneath the surface, but when damaged—even inadvertently—they mutate into ravening monsters rising up in clamorous fury, the warp spreading from the pages as sinuously as ink clouding through a glass of clean water. Dao, author of Forest of a Thousand Lanterns”“Rogerson proves herself a worthy successor to Diana Wynne Jones in this moody, atmospheric, and lively classic fantasy...This enchanting story is sure to appeal to teen readers eager for more of the world-building, fierce friendships, and feminist heroines of Robin LaFevers and Naomi Novik.”- “School Library Journal” About the Author Margaret Rogerson is the author of the New York Times bestsellers An Enchantment of Ravens, Sorcery of Thorns, and Vespertine. ǃ find other reviews on my blog ǃ Perhaps the cruellest and kindest thing a good book does is make you believe you live inside it for the space of a few hundred pages. In Rogerson's luscious prose, Sorcery of Thorns weaves a pleasant spell indeed. Elisabeth's compelling blend of wide-eyed vulnerability and world-weary wryness anchors a deeply moving journey of self-realization.Elisabeth has never seen the world beyond the library where she grew up and tucked her dreams into her books for safekeeping. When not reading or writing she enjoys sketching, gaming, making pudding, and watching more documentaries than is socially acceptable (according to some). She challenges not only everything Elisabeth knows, but everything she has come to learn and think about herself. The novel's characters are engaging, and the relationships between them occupy the seething center of the sparsely ornamented stage.Elisabeth's character takes on a magical aura all her own. Rogerson boldly, brilliantly places her protagonist at the center of a sprawling conflict, and with unremittent relish, she begins to undermine what Elisabeth understands about magic, grimoires, libraries, and her role in it. If provoked, they transform into grotesque monsters of ink and leather. Raised as a founding in one of Austermeer's Great Libraries, Elisabeth has grown up among the tools of sorcery—magical grimoires that whisper on shelves and rattle beneath iron chains. They were knowledge, given life. Revelations turn truths Elisabeth had known all her life into a tripwire primed to catch her off balance, and danger is dragged to her feet before she even sought it. It would be easy to say that it's laden with genre tropes, but the author takes several classic fantasy stances and makes them seem utterly fresh on the page, and, though it occasionally dips in and out of cliché, the author never lets it linger there long. And they're called “Malefics.”The gist of the story concerns Elisabeth Scrivener who is an orphan raised in the Great library of Summershall where she learned the delicate arts of tending to books and the blunter arts of guarding them against the world, and guarding the world against them. Elisabeth grows strong, unbent, scraping up all her fears and crushing them into an unlit place inside her. That you are a part of something, part of its world, not just skating around the edges, too tied up in yourself to join in...and then it ends and the illusion winks out, like a snuffed flame, and you're left marooned, adrift, your head chilled in its absence.The real world takes a seat at the back, and Rogerson's imaginary one holds center stage. The result is an immensely immersive novel, as graceful and thoughtful as it is action-packed and pulse-pounding.Of course, no fantasy setting, however much entrancing and fresh it is, springs to life without strong characters to navigate it. Not only could the Great Libraries go up in flames, but the world along with them.As her alliance with Nathaniel grows stronger, Elisabeth starts to question everything she's been taught—about sorcerers, about the libraries she loves, even about herself. But Nathaniel is always alone, strangely solitary in the space everyone else gives him, and Elisabeth was acutely aware of the vast gulf between them: his fathomless barter with his unsettlingly taciturn servant, his tormented nightmares, the secrets she glimpsed only quickly through the corridors of his lonesome mansion; she wanted to shatter the cold mask of stone that Nathaniel slips down over himself in her presence, uncaring of how jagged and sharp he might be for her to cut herself on him.I liked Nathania's character, but I was frankly far more intrigued by Silas and the inscrutable turning of his thoughts, like the cogs within a machine. This is classic fantasy at its very best.”- “Julie C. For Elisabeth has a power she has never guessed, and a future she could never have imagined. This book is sheer delight.”- “Jessica Cluess, author of the Kingdom on Fire trilogy”“If you are looking for magic you will find it inside this book. This is a vibrant novel, and an unstintingly lush one. Review Quotes * “An enthralling adventure replete with spellbinding characters, a slow-burning love story, and a world worth staying lost in.”- “Kirkus Reviews, starred review”“A frothy fantasy of manners with plenty of substance and heart that will appeal to fans of Garth Nix (Newt's Emerald, BCCB 1/16) and Wrede and Stevermer's Sorcery and Cecelia.”- “BCCB”“A race against time filled with demonic magic, vivid settings and classic romantic tension, Sorcery of Thorns is a chillingly good gothic.” -- “BookPage”“Brimming with twisty enchantment, Sorcery of Thorns is Margaret Rogerson at her most playfully addictive. With no one to turn to but her sworn enemy, the sorcerer Nathaniel Thorn, and his mysterious demonic servant, she finds herself entangled in a centuries-old conspiracy. Ink and parchment flowed through her veins. As her alliance with Nathaniel grows stronger, Elisabeth starts to question everything she's been taught—about sorcerers, about the libraries she loves, even about herself. Please enable JavaScript or switch to a supported browser to continue using twitter.com. Not only could the Great Libraries go up in flames, but the world along with them. Reading the first couple chapters, the strength of my delight, the speed with which it flowered, shocked me. Sometimes they were sinister, grotesque—but so was the world outside. Raised as a founding in one of Austermeer's Great Libraries, Elisabeth has grown up among the tools of sorcery—magical grimoires that whisper on shelves and rattle beneath iron chains. Sorcery of Thorns burned through my initial skepticism, bright as a comet in the night's sky, piercing me with vicious pleasure. If you liked this review or found it useful and are feeling generous, please consider supporting me on ko-fi 1 ...more “A bewitching gem, full of slow burning romance, loyal friendships, and extraordinary world building.”- #1 “New York Times”- bestselling author Stephanie Garber. Przepszamy, musimy tylko upewnić się, że nie jeste robotem. Then an act of sabotage releases the library's most dangerous grimoire, and Elisabeth is implicated in the crime. She lives near Cincinnati, Ohio, beside a garden full of hummingbirds and roses. Y'know...perfect daydream fodder. Minor quibble notwithstanding, Sorcery of Thorns is a remarkable achievement and I kind of hope the author writes more in this world. About the Book The bestselling author of “An Enchantment of Ravens” delivers an imaginative fantasy about an apprentice at a magical library who must battle a powerful sorcerer to save her kingdom.
